

GOD AND EARTH

God and Earth is a study group that reflects on the story of creation and God "The Creator"! Judy Cannato in Radical Amazement explains "The discoveries made by science over the last century have changed how we tell the story of creation. These findings provide new images for reflection, new metaphors for understanding. As the new universe story seeps into our awareness, it challenges us to expand the way we think about and respond to the life around us. As clearly as the parables told by Jesus challenged his listeners to ask questions about who they were and what their relationships meant, so the new universe story challenges us." Our study enriches our growth in love of the earth.

We meet the first Friday of the month in the Youth Room at IHM from 10:00a.m. to 11:30a.m.

NEW UNIVERSE STORY

A new group is being formed at IHM to grow in Spirituality and love of the earth. If we go to the scriptures and ask, "What did God love?" we are told "For God so loved the world..." John 3:16.

In our times we are awakening rapidly to an understanding of evolution and the mystery embedded in Creation, the Big Bang, or the Flaring Forth. By sharing information from noted theologians, spiritual guides and scientists we will broaden our knowledge of the "New Universe Story".

This group is open to anyone who would like to participate.

We meet the second Friday of the month in the Youth Room at IHM from 10:00a.m. to 11:30a.m.
For more information call Fran Didier at 242-8643.

POWERS OF THE UNIVERSE

What we have learned from scientists and cosmologists about the powers that the universe possesses to evolve is remarkable witness of evolving life. We come to appreciate the uniqueness of our evolutionary story when we learn some of the miracles that the universe presents in its evolving. We listen to a 50 minute presentation by Brian Swimme, cosmologist, and then have a half hour discussion.

This group is open to anyone who would like to participate.
We meet the third Friday of the month in the Youth Room at IHM from 10:00a.m. to 11:30a.m.
For more information call Fran Didier at 242-8643.
